

Monday 2nd October

Year 1

Parents Briefing

English

We have continued reading
The Man on the Moon.

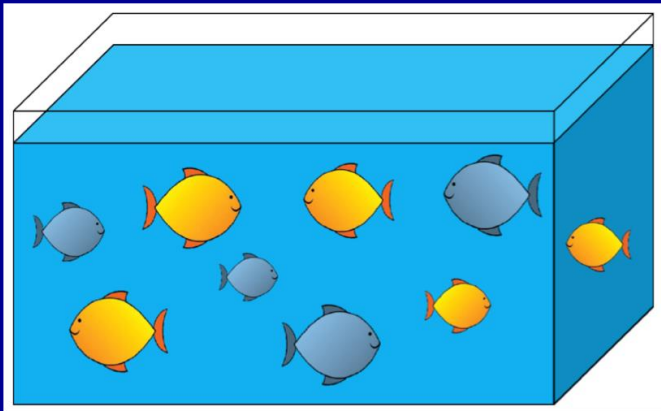

Last week we created our own aliens and thought about what great adjectives we could use to describe what they looked like, how they felt, their character and what they sound like.

This week we will be starting to write our sequel to the story ... Alien on the Moon (A day in the life Of)

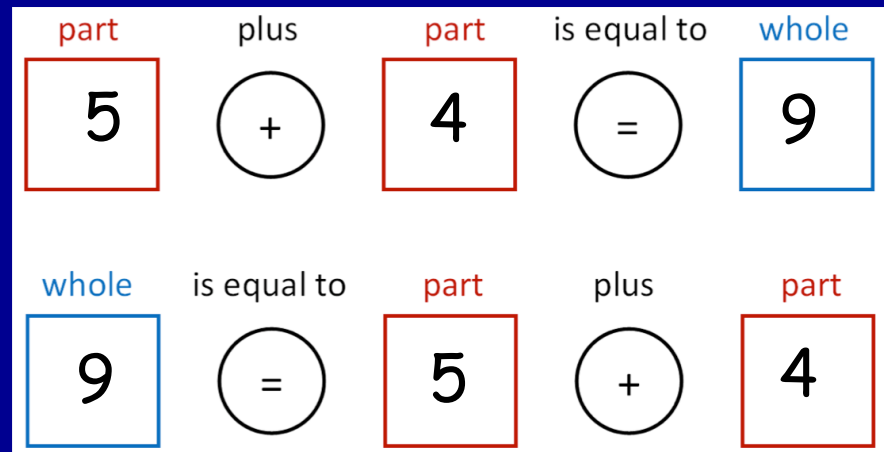

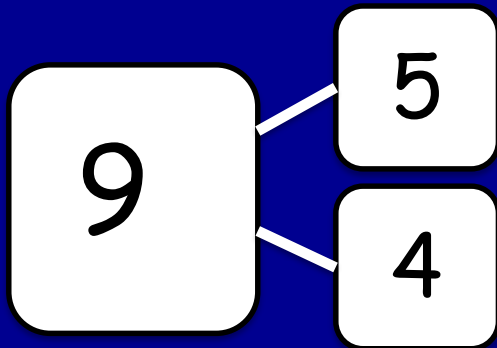

Maths

We have started a new unit in Maths: Adding and subtracting within 10.

We have been making our own equation stories from pictures.
Eg. There are 5 orange fish.
There are 4 blue fish.
There are 9 fish altogether.

Maths

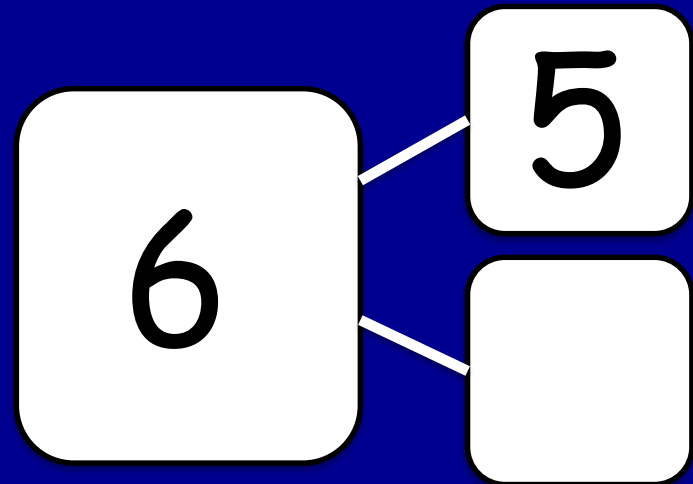

Next week we will be continuing our unit: Adding and subtracting within 10.

We will be exploring how to solve a problem using the most efficient equation.

E.g using $5+1$ instead of $1+5$.

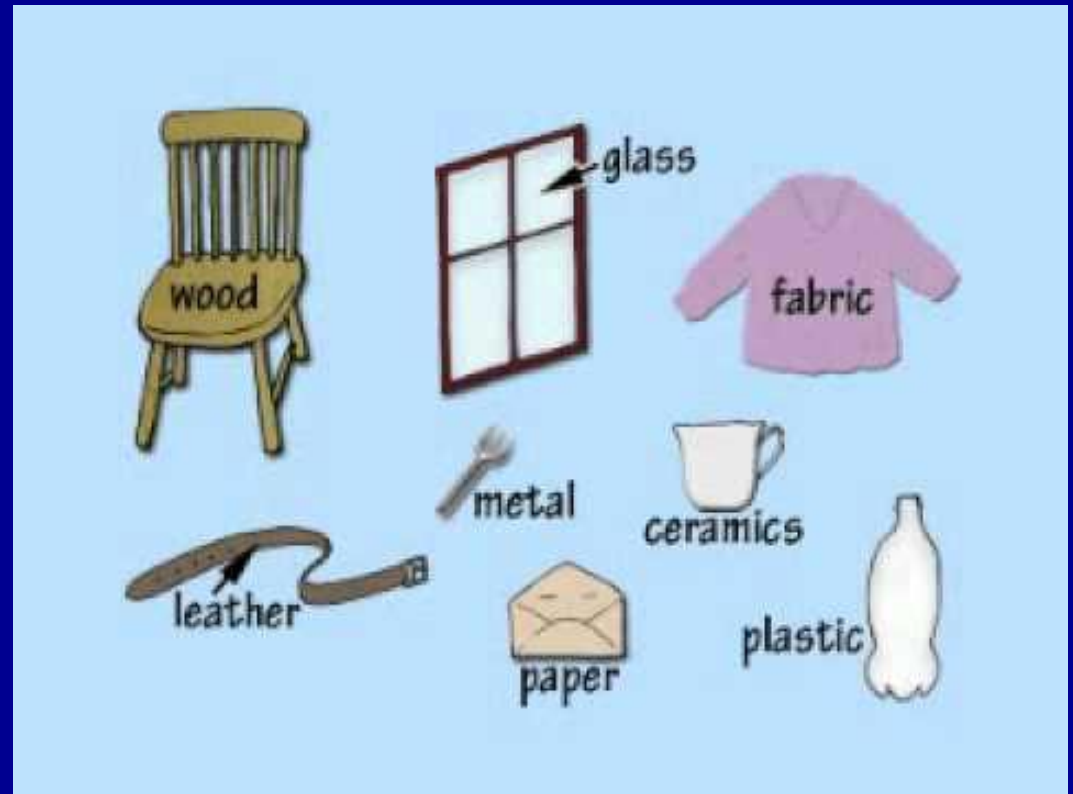

We will then be using the Part-Part-Whole to help us solve subtraction equations.

Science

We are continuing our unit on Everyday Materials.

This week we will be describing how materials look, feel and behave.

ICT

We are beginning our ICT unit. This unit will introduce children on how to stay safe on the internet and will also introduce them to the Purple Mash software.

Your child will come home with their username and password for Purple Mash today.

History

We have already compared old and new items.

This week we will be sketching some old artifacts and looking at what features show us that they are old.

Diary Dates

Wednesday 18th October:

Harvest Festival.

Thursday 19th October:

School Photographs

Monday 23rd October:

Half-term.
