

Monday 13th November

Year 1

Parents Briefing

English

We are continuing to read
The Jolly Postman.

This week The Jolly Postman has visited the wicked witch. Here he delivered a brochure from Hobgoblin Supplies. The children enjoyed making their own posters to advertise things that an everyday witch might need! The postman then went on to deliver a letter to Cinderella and Prince Charming. This week the children will be rewriting the Fairy Tale Cinderella.

Maths

We have continued our unit of work: Shapes and patterns.

Last week the children were using directional language to direct others in a shape. This week we will be beginning our next unit of work which is : **Numbers within 20**. This unit builds on Units 1 and 2 that we completed in September.

National Roast Dinner Day

As a school we are working towards our bronze Food for Life award.

This week we will be learning about where the ingredients of a roast dinner comes from and will be preparing a class poster which will be displayed on National Roast Dinner Day in the lunch hall.

Science

The children had fantastic fun in science last week. They were investigating what materials were magnetic.

This week they will be investigating how heavy different materials are.

Show and Tell

Each group will have the opportunity to bring something into school which is special to them.

Please help your child to practise what they will tell the class about the object and help them to prepare for questions that the other children may ask.

Diary Dates

Friday 17th November:

Children in Need

Friday 1st December:

Christmas Bazaar

Wednesday 13th December:

School Christmas Lunch
